PROFESSIONAL SUMMARY

Motivated Software Engineering student transitioning from 10+ years as a Restaurant COO, where I led teams of 100+ and managed operations exceeding $1.2M USD in monthly revenue. Currently completing a development internship building responsive web applications with React, Next.js, Astro, Tailwind CSS, and Firebase for a tourism tech company serving Mexico and the Dominican Republic. Combining proven leadership and operational excellence with a passion for clean code, intuitive UI/UX, and modern web development.

TECHNICAL SKILLS

• React, Next.js, Astro, Tailwind CSS, Firebase, JavaScript
• API Integration, Vite, SEO Basics
• Frontend Development, UI/UX Design, Figma
• Cryptocurrency Mining, GitHub, Vercel

LANGUAGES

• Spanish: Native
• English: C1
• Portuguese: A2

EDUCATION

Full Stack Web Development Certification
WGU / edX, Enrolled (2025)

Bachelor's in English Language Teaching (Incomplete)
Universidad Autónoma de Chiapas (UNACH), 2011

PROFESSIONAL EXPERIENCE

Development Intern - Web Development Company
Sacbe Transfers, Cancun, Mexico (2024 - 2025)

• Built responsive UI components with React and Tailwind for tourist transportation booking systems.
• Integrated dynamic coupon validation with APIs and enabled Google Wallet and Apple Wallet storage.
• Improved booking flows, reducing friction and increasing conversions.
• Contributed to frontend architecture using Next.js and Firebase.

Co-Owner & Operator - Small Restaurant Startup
Brahma Steakhouse & Lounge, Atlanta, USA (2024 - 2025)

• Co-founded and managed daily operations for a 50-seat neighborhood restaurant.
• Oversaw procurement, hiring, menu design, and regulatory compliance.

• Adapted operational strategies to fit the local market and customer base.
• Navigated U.S. supplier systems and labor regulations effectively.

Chief Operations Officer
Cvche & Grill San Ángel, Mexico City, Mexico (2023)

• Led the restaurant project from construction to full operation, ensuring a successful launch.
• Managed recruitment and training of 50+ staff.
• Created policies and procedures to ensure operational stability.
• Negotiated supplier contracts and reported operational performance to stakeholders.

Founder & CEO
Kooxland Inc - Web Development & Cryptocurrency Mining, Mexico City (2023)

• Founded and operated a crypto mining and software development company.
• Managed equipment import, system optimization, and infrastructure.
• Led web development projects using React, Tailwind, and Next.js.

General Manager
Sonora Grill Group - Prime Artz, Mexico City, Mexico (2019 - 2022)

• Led high-end dining operations, managing 50+ team members.
• Achieved ~$600,000 USD in monthly revenue.
• Conducted accounting assessments and implemented cost control strategies.

Jr Manager → Regional Manager
Barezzito - Multiple Locations, Mexico (2010 - 2019)

• Progressed from server assistant to Regional Manager across 10 restaurants.
• Led and mentored teams of 20-100+ staff, ensuring operational consistency.
• Contributed to staff development and local execution strategies.
